EMS

EMERGENCY
SERVICES

Caroline County Department of Emergency Services is composed of three divisions: 911 Communications, Emergency Medical Services, and Emergency Management. The Department handles Fire/Rescue, Law Enforcement, and EMS Emergency Communications, including operation of the 911 center for Caroline County, provides high-quality pre-hospital emergency care to citizens and visitors, and Emergency Management for county government. The Department strives for excellence and professionalism in our interactions with citizens, partner agencies, visitors, and staff.

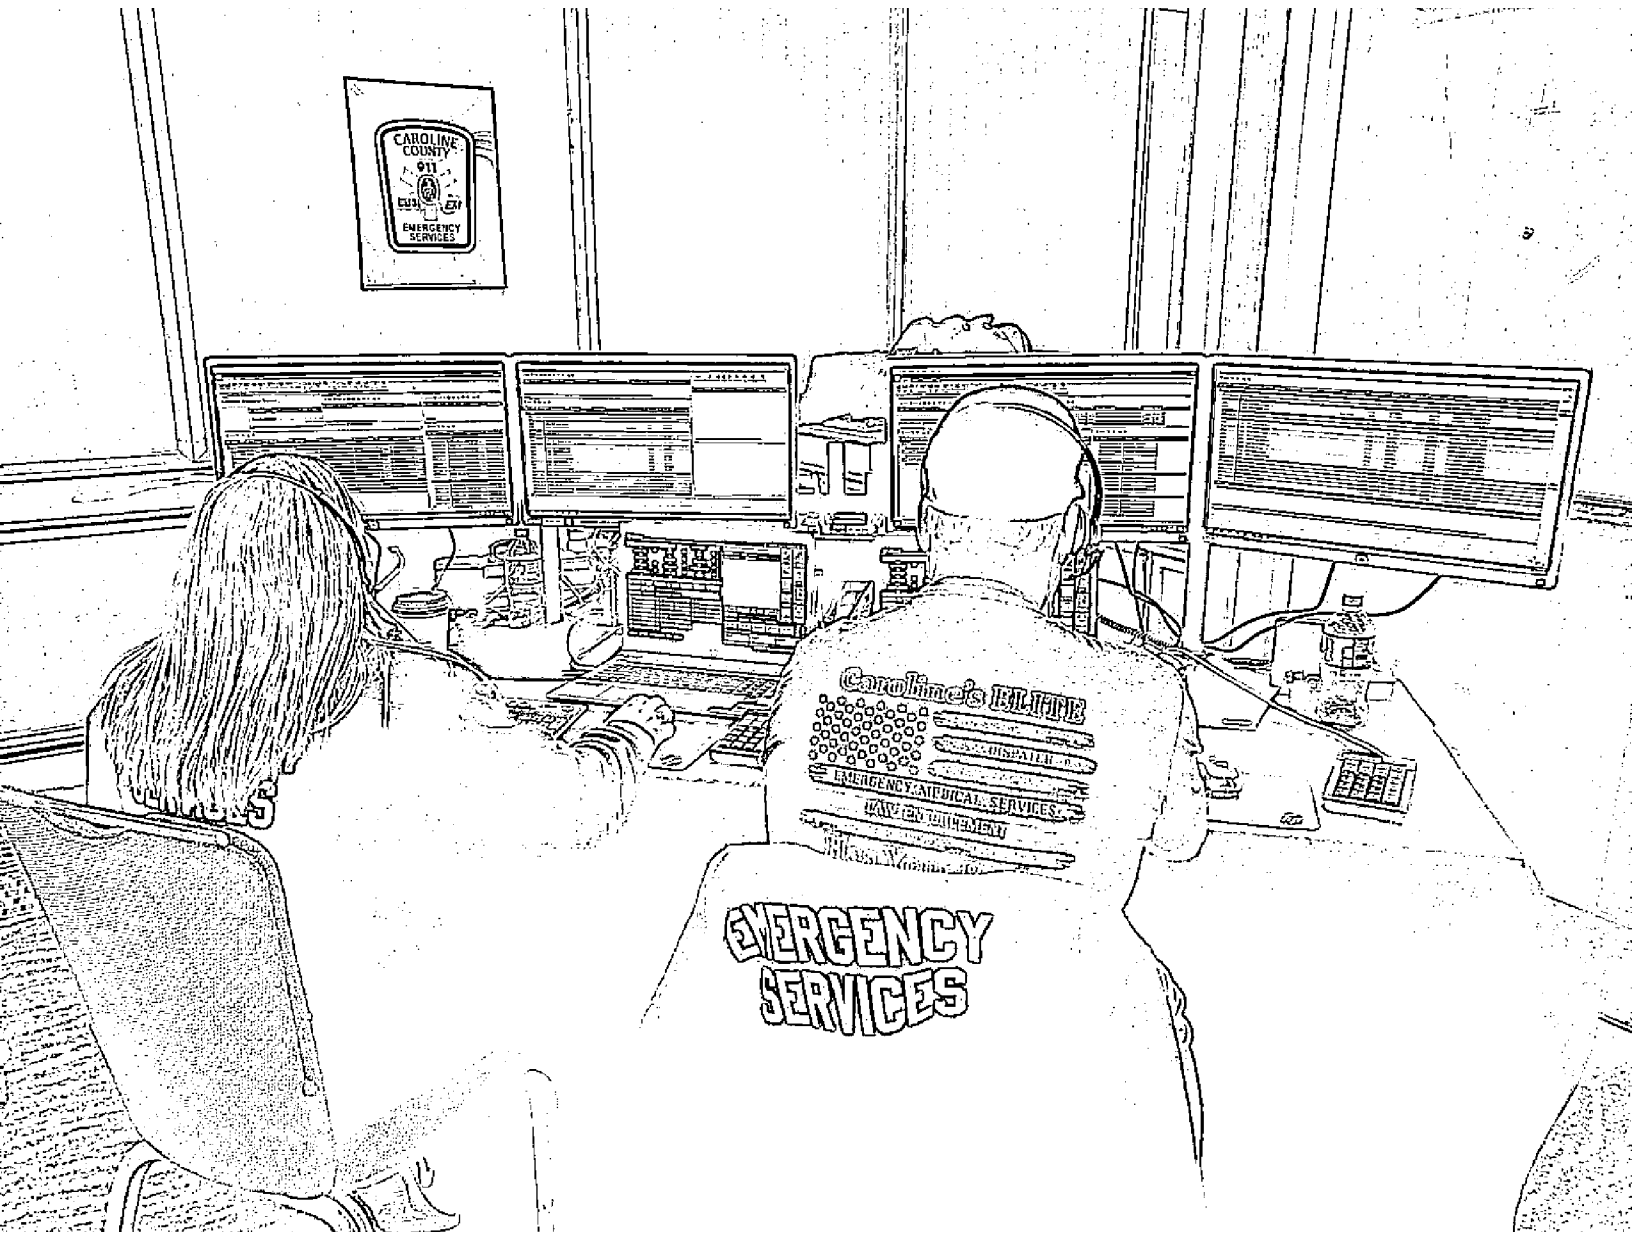

Caroline County Department of Emergency Services

9391 Double Hills Road, Denton, MD 21629

Call 9 1 1 for an Emergency!

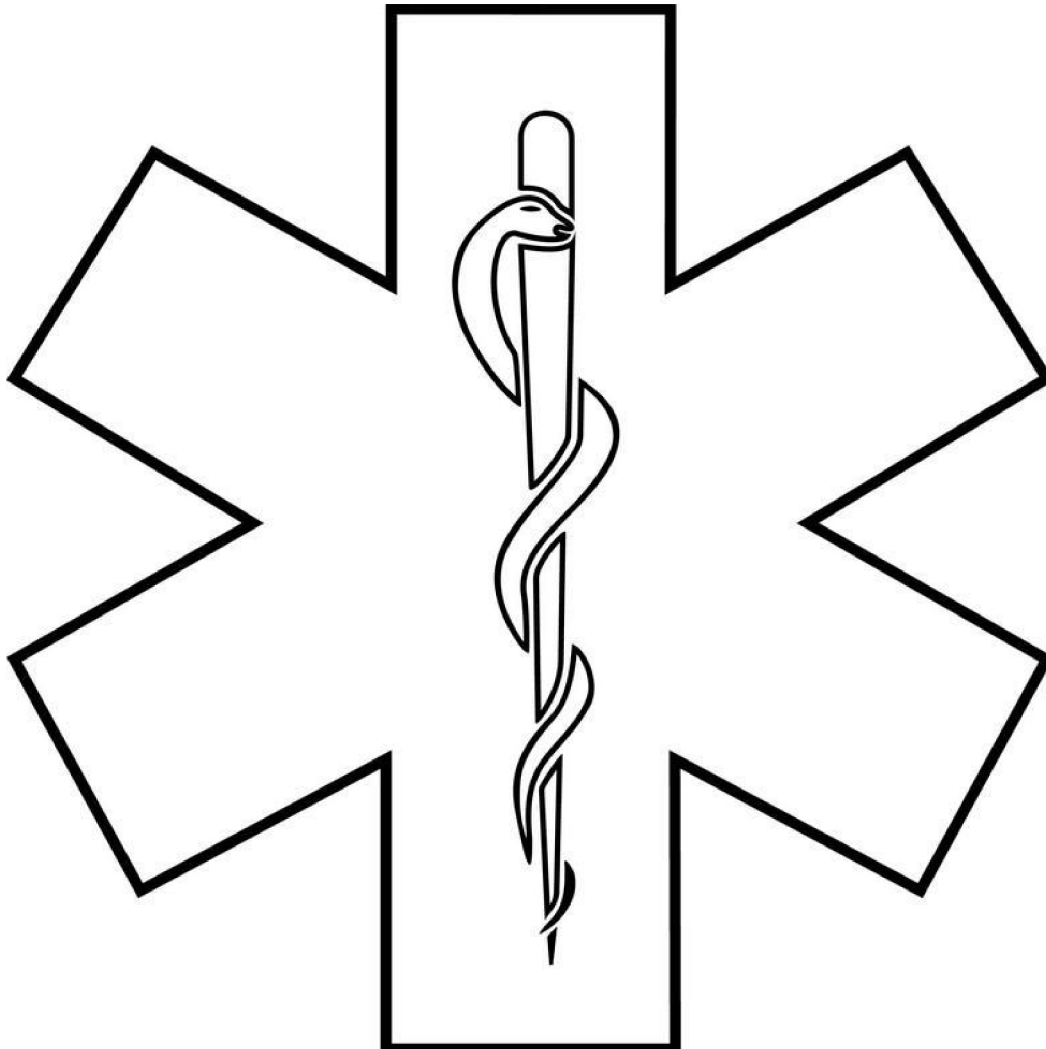

When you call 9 1 1, a dispatcher will answer the phone and will be able to send help. Even in the middle of the night!

Call 9 1 1 for an Emergency!

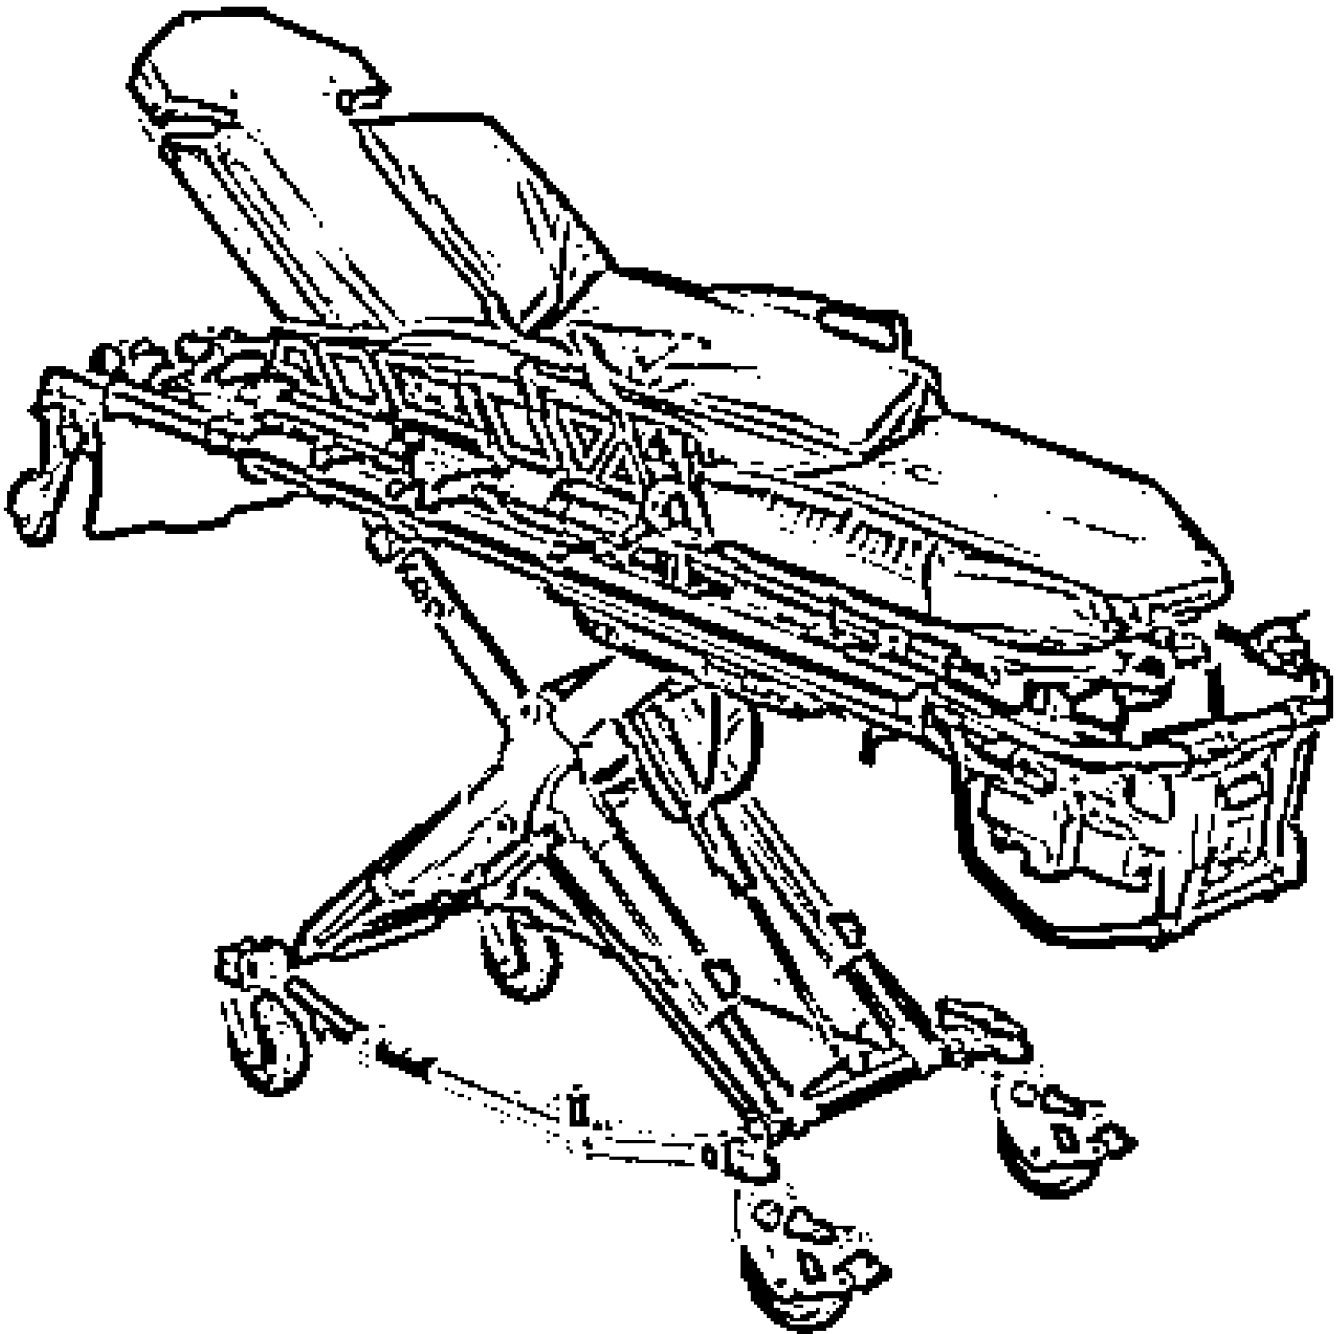

Call 9 1 1 if you are sick or hurt and EMS will come help.

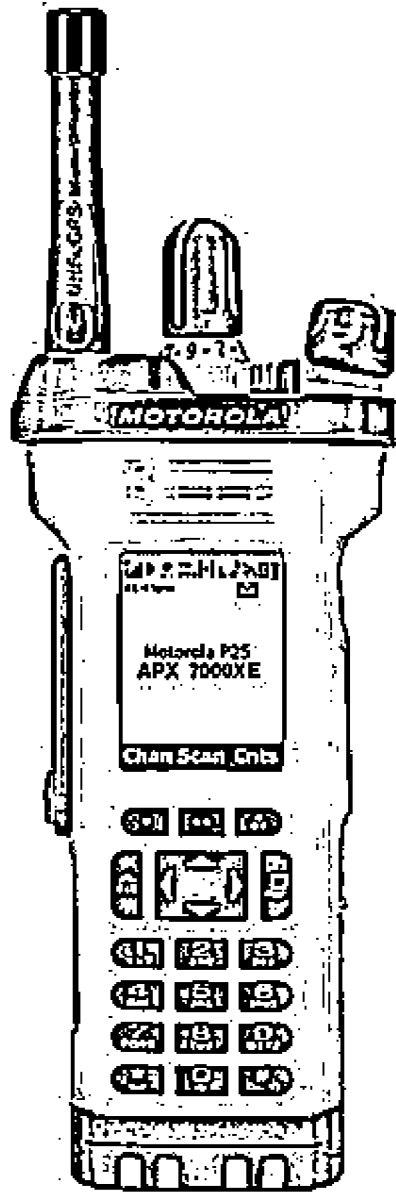

Star of Life

The Star of Life is a special symbol that can only be used by EMS. Look for it when you need help.

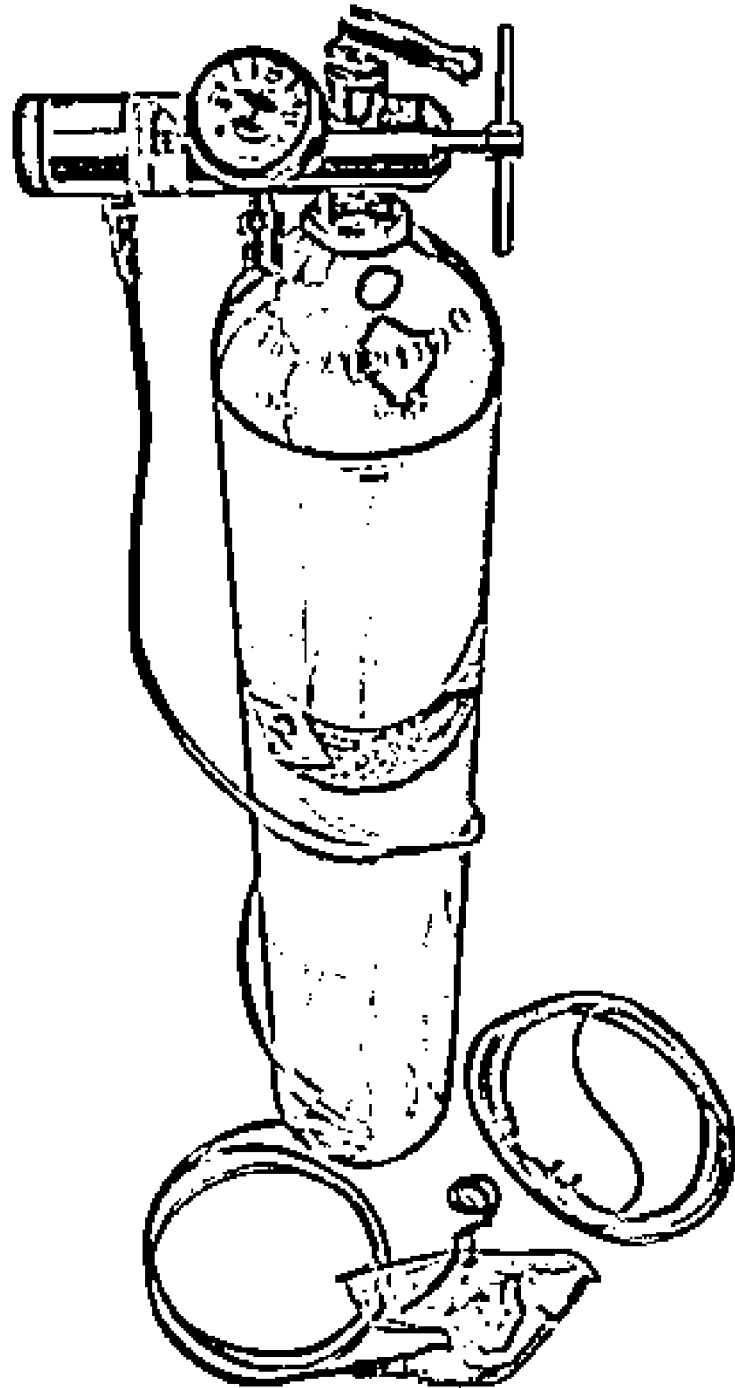

Stretcher

A stretcher is used to carry people when they are sick or hurt.

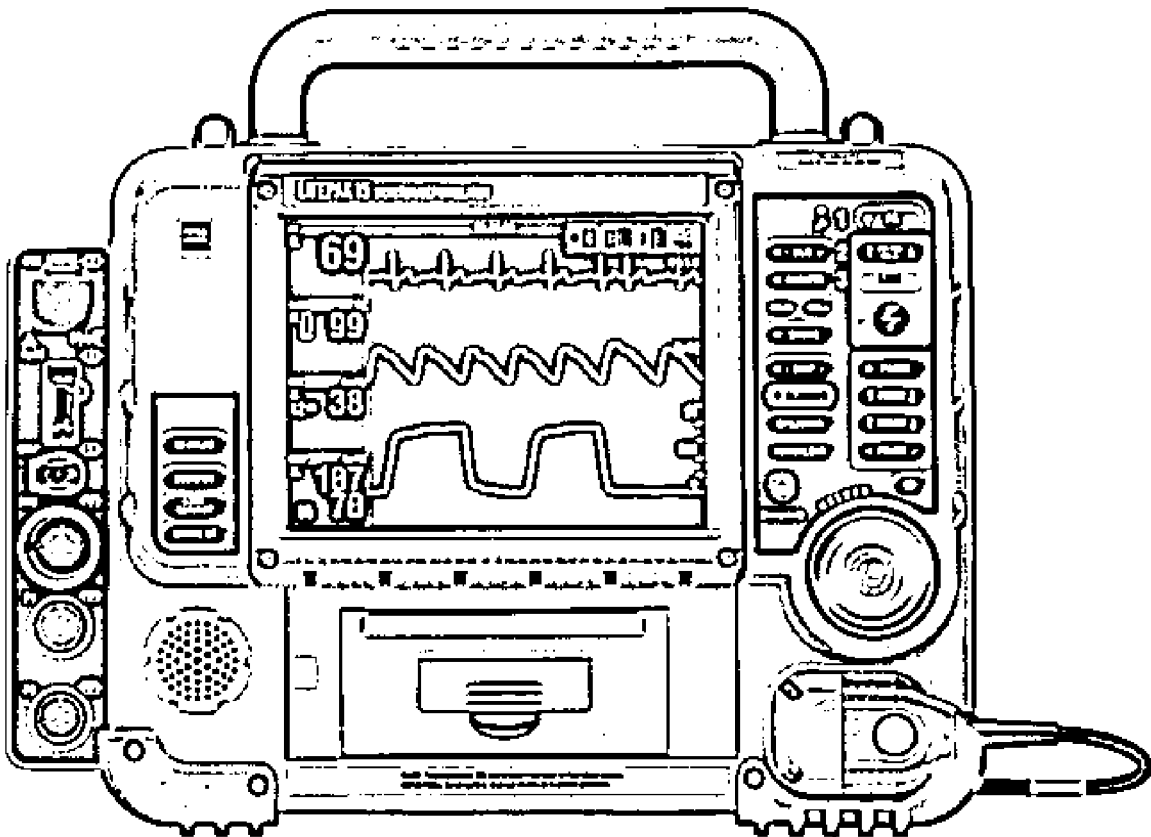

Radio

A radio helps us to talk to each other when we are very far away.

Oxygen Tank and Mask

We use an oxygen tank and mask when people are having trouble breathing.

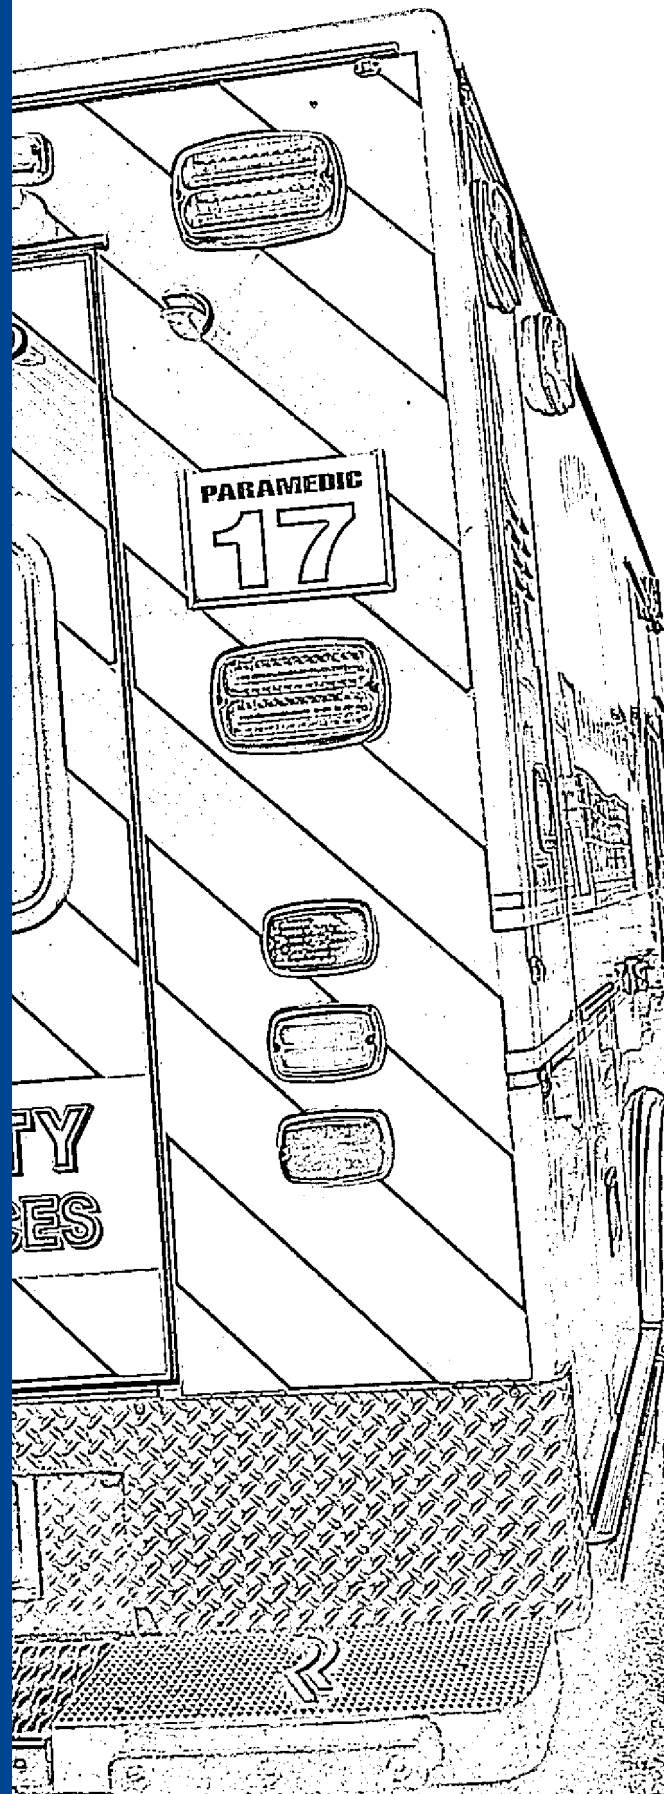

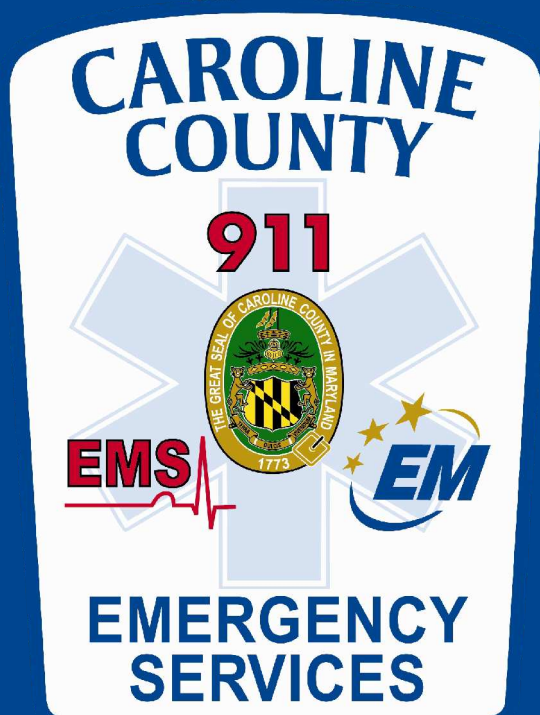

Monitor

We use the monitor to tell us how well your heart is working.

Stethoscope

With a stethoscope, we can hear your heart, lungs, and even your stomach.
